Greetings to friends, family, colleagues, and mentored students of Dudley Childress,

A memorial service celebrating the life of Dudley S. Childress will be held on Saturday, September 20, 2014 (2:00 p.m.) at The Lake Street Church, 607 Lake Street, Evanston, IL. The service is open and the family hopes that you will be able to attend. A second service will be held in Harrisonville, Missouri, on September 27, 2014.

Mrs. Childress and the Childress family deeply appreciate your thoughtful messages, kind condolences and warm recollections. The family will share some of your thoughtful reflections during the forthcoming memorial service.

Reflecting on Dudley's positive influence in your lives and on your careers, many have asked how to honor his memory. At this time Northwestern University and NUPOC, along with the Childress family, are pleased to announce the establishment of the **Dudley S. Childress, PhD, Research and Education Fund** (the Childress Fund). This vital fund will honor the legacy of Dudley, and support the continued understanding and advancement of science that improves the lives of persons with physical disabilities through the Northwestern University Prosthetics-Orthotics Center.

The Childress Fund has been established with a generous gift from the Childress family, and will become endowed in perpetuity once the initial \$100,000 is raised. Therefore, in lieu of flowers, the family requests that donations be made in honor of Dudley Childress to the **Childress Fund**. Donations are fully tax deductible.

Checks should be made payable to Northwestern University; please write "**Childress Endowment**" in the memo line. For more information contact Erin Indovina at (312) 503-2706. Mail to:

Northwestern University
Feinberg School of Medicine
Attn: Erin Indovina
420 E. Superior Street
Rubloff Building, 9th Floor
Chicago, IL 60611

Thank you again for your caring messages. If your schedule allows, please join the Childress family at the memorial service to celebrate the life of Dudley Childress on September 20, 2014.
